

Quality, RD&I and Service-Management Policy

Quality, RD&I and Service-Management Policy

As a company we accompany our clients in their digital development through a wide range of strategic consulting and advisory services, cutting-edge technologies, applications, infrastructure, modernisation of IT services and BPOs.

We bring our extensive experience in all sectors of economic activity and a great knowledge of the geographies where we are present.

Our management ensure we remain committed to establishing, implementing and updating our quality, RD&I management and service management policy that supports our strategic direction, through a Quality, RD&I and Service Management System based on ISO 9001, UNE 166002 and ISO 20000-1 standards, which enables us to:

Meet the requirements and expectations of our customers and other stakeholders.

Comply with applicable legal, regulatory and normative requirements.

Promote continuous improvement, defending it as a basic pillar for developing our activities and achieving our objectives.

We strive to build a unique and open community of people, led by shared values, which continues to grow into an even larger network of collective talent capable of multiplying our capabilities and knowledge.

This commitment is aligned with our goal as a company: to provide an agile response to the changing needs of our clients and to anticipate the future with intelligence.
